

Delaware Township School
Sergeantsville NJ 08557

Community Forum – Goal Setting – Thank You

On behalf of the Board of Education and administration, I would like to thank you for contributing to the New Jersey School Boards Association Goal Setting Community Forum. The process used by the NJSBA Director of Field Services, Jane Kershner, provided valuable feedback from the parent community, staff, Board of Education, and administration to assist in moving Delaware Township School forward.

“The 3 C’s”

The 3 areas selected for further development are:

Communication – Enhance
Curriculum Development – Continue
Culture – Advance our Student Centered Culture

Throughout this summer, we will be developing our action plan for each of these identified areas that will incorporate our sincere group discussions as recorded by Ms. Kershner.

I would like to thank Ms. Kershner for her professionalism and expertise in facilitating our community forum and we look forward to her October “Mission Statement” workshop in the fall.

Enjoy a relaxing summer break with your family.

Sincerely,
Dr. R. Wiener
